

A necessary conflict

When insurgents have infiltrated God's church

Jude 1–4

Introduction

1. There is a body of saving truth that establishes the church

2. There will always be secret agents who infiltrate the church

Conclusion

Questions for discussion and reflection:

- What do we find challenging about there being such a thing as True Truth from God that saves people?
- Why is it reasonable to believe in True Truth from God?
- What is at stake if we fail to contend for the Truth 'once for all time delivered'?
- Why will we always need to contend?
